"Phineas and Ferb" is a five-time Emmy Award-winning and BAFTA-nominated show and the most successful animated series for Kids 6-11 and Tweens 9-14 in Disney Television Animation history. It premiered officially in "Ferb-ruary" 2008 and became television's No. 1 animated TV series of 2009 among Tweens 9-14, building to No. 1 among both Kids 6-11 and Tweens 9-14 in 2011, along with the franchise's first of two television movies, "Phineas and Ferb: Across the 2nd Dimension," ranking in TV's Top 2 movies for 2011. The series was a global franchise for Disney, a first for a Disney Channel animated property for older kids. By 2012, its popularity burgeoned with a live touring show and junior novels, with extensions across every consumer products category, including apparel, toys, video games, food, health and beauty. In 2020, "Phineas and Ferb the Movie: Candace Against the Universe" debuted on Disney+. All four original seasons and the films are currently available on Disney+.
