

BIOGRAPHY

JACK FERRAILO **Executive Producer**

Jack Ferraiolo has managed to have a 20-plus year career in animation without being able to draw a horse ... or anything else for that matter. Before serving as an executive producer of "ZOMBIES: The Re-Animated Series," he was the co-producer and story editor for Disney Channel's animated series "Amphibia." His additional credits include "Home Movies," "Dinosaur Train," "Dr. Katz, Professional Therapist," "O'Grady," "Astroblast!" and "WordGirl," for which he won multiple Emmys®. Ferraiolo has also published three middle-grade novels and won the 2013 Edgar Award for Best Juvenile Mystery.
