

BIOGRAPHY

SAM ALTMAN

"AI and the Future of Us: An Oprah Winfrey Special"

Sam Altman is the co-founder and CEO of OpenAI, the AI research and deployment company behind ChatGPT and DALL·E. Altman was president of the early-stage startup accelerator Y Combinator from 2014 to 2019. In 2015, he cofounded OpenAI as a nonprofit research lab with the mission to build general-purpose artificial intelligence that benefits all humanity.
