Extended Logline: Grant and his 10 remaining women head to Madrid for a week of adventure and romance. As the women soak up the city's vibrant energy, Grant selects one lucky lady for the first one-on-one date to explore the city's iconic sights, indulge in local activities, and see if their connection can spark amid the romance of the Spanish capital. Next, Grant and several women venture to the charming town of Chinchón for a group date filled with surprises, culminating in a lesson from famed matadora Carmen Calderón. The real twist, however, comes when a mechanical bull riding challenge is introduced, with private time with Grant on the line. Later, Grant and one woman take their relationship to new heights by taking a leap of faith, and not just in the romantic sense. With tensions rising and some women continuing to question his intentions, an unexpected departure leaves Grant reeling and searching for clarity.
